

InNova™

With Extended Ottoman Extension

Wood-to-the-Floor mechanism

Sleek low-profile recliner mechanism for high-leg sofas, love seats, and chairs.

InNova™ with extended ottoman extension is a sleek modern motion furniture mechanism specifically designed for contemporary furniture designers who enjoy the sense of being creatively free.

Perfect posture, balance and performance for contemporary high-leg sofa, love seat, and chair applications.

The latest wood-to-the-floor product innovation from Leggett & Platt: InNova™ with extended ottoman extension. This outstanding motion furniture mechanism has been creatively designed with contemporary furniture designers in mind.

InNova provides greater comfort, durability, and quality than ever before, with the ability to be installed within leg heights of 152.4 mm (6-inch - with flipper ottoman). The new, generously extended Ottoman can accommodate an additional 2 inches (50.8 mm) of leg rest support.

Attributes include:

- Effortless motion for easy operation by all ages
- Easy action to Full-Recline position
- Sleek low-profile mechanism

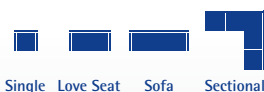

Key Features & Benefits

- 40% greater weight capacity – 350 lbs.
- Accommodates leg heights of 152.4 mm (6-inch) while concealing the mechanism from view.
- Flipper ottoman for high-leg applications only allows for outstanding additional 2 inches (50.8 mm in CAD) of leg rest extension support.
- Available in Manual or Power.
- Headrest options: Contempo Independent Headrest and Perfecto Articulating Headrest.
- More layout in Full-Recline than previous models.
